Health Care Facilities*

Optima Lift Chair

All the features you need in an institutional grade Lift Chair including Class 1 hospital grade electronics, contract grade moisture impermeable fabrics, wall-saver design, and removable chaise seat cushion for easier cleaning.

Optima Lift Chair

Everything about the Optima Lift Chair is made with today's busy healthcare facility in mind. It's removable chaise cushion and moisture-impermeable fabric make the Optima Lift Chair easy to clean and disinfect. A compact wall saver design lets you place the Optima Lift Chair where ordinary reclining lift chairs won't fit.

The hand held controller permits left hand, right hand, or attendant operation. A variety of Crypton and leatherette fabrics compliment any decor. Customer's Own Material (COM) welcome.

Safety and durability issues are answered with a full chaise leg rest that covers the recliner mechanism, pinch-point-free design, a wide extra stable all steel base, a hefty 375 lb. lifting capacity, CA 117 compliant construction, HR Foam, Heavy-Duty, UL Approved, Class 1 DC Motors, Hospital Grade Electronics and a lifetime limited warranty on the lift mechanism. The Optima Lift Chair...it's the one that meets your facility's specifications.

Designed Specifically for Health Care Facilities

All the healthcare features you need in a Lift Chair:

Cleanability – Impermeable fabric covers all surfaces, even underneath the removable chaise cushion.

Safety – Chaise leg rest covers recliner mechanism. No pinch points, wide stable base.

Wall Saver Design – Only 4 inches of clearance needed.

Crypton, Leatherette, or COM fabrics – We'll source, grade, and provide designer specified fabrics.

Exceptional durability – Heavy duty lift mechanism with hospital grade electronics.

Fire Codes Compliance – Meets CA 117 and NFPA Life Safety Codes.

Whisper quiet, Class 1 heavy-duty DC motor-with built-in override protection, automatically shuts down if the ottoman is obstructed during elevation.

Range of Styles & Sizes – 2-Pillow, Waffle or Bolster Back, Petite & Regular sizes available...call about extra large.

Wall-Saver design requires only 4 inches of wall clearance, uses less floor space and protects walls from costly, unsightly damage.

Available in Two-Pillow, Waffle or Bolster back style. Optima Lift Chairs are specially designed and sized for healthcare facilities.

Chairs feature moisture impermeable fabrics and a removable chaise cushion for thorough cleaning and disinfecting. Fabric choices include Crypton, Leatherette and COM.

The hand-held controller permits left hand, right hand, or attendant operation.

Heavy-Duty, UL Approved, Class 1 DC Motors, Hospital Grade Electronics and a lifetime limited warranty on the lift mechanism.
