Optima Health Care Recliner

All the features you need in an institutional grade Health Care Recliner including contract grade moisture impermeable fabrics, wall-saver design, and removable chaise seat cushion for easier cleaning.

Optima Health Care Recliner

Everything about the Optima Healthcare Recliner is made with today's busy healthcare facility in mind. It's removable chaise cushion and moisture impermeable fabric make the Optima Recliner easy to clean and disinfect. A compact wall saver design lets you place the Optima Recliner where ordinary reclining chairs won't fit. A variety of Crypton and leatherette fabrics will compliment any décor and Customer's Own Material (COM) is welcome. Safety and durability issues are answered with a full chaise leg-rest that covers the recliner mechanism keeping legs and fingers safe, pinch-point-free design, a hefty 350 lb. capacity, HR Foam, and CA 117/NFPA Life Safety Code compliant construction.

The Optima Recliner...it's the one that meets your facility's specifications.

Designed Specifically for Health Care Facilities

All the healthcare features you need in a HealthCare Recliner Chair:

Cleanability – Impermeable fabric covers all surfaces, even underneath the removable chaise cushion.

Safety – Chaise leg rest covers recliner mechanism. No pinch points, wide stable base.

Wall Saver Design – Only 4 inches of clearance needed.

Crypton, Leatherette, or COM fabrics – We'll source, grade, and provide designer specified fabrics.

Exceptional durability – Heavy duty recliner mechanism and hardwood construction.

Fire Codes Compliance – Meets CA 117 and NFPA Life Safety Codes.

Optional Headrest Cover – Removable/Replaceable Cover attaches with Velcro to the chair's back to protect fabric against damage.

Range of Styles & Sizes – Available in Pillow Back, Bolster Back or Tufted Back, Petite & Regular sizes.

Available in Pillow Back, Bolster Back or Tufted Back style. Optima HealthCare Recliner Chairs are specially designed and sized for healthcare facilities.

Chairs feature moisture impermeable fabrics and a removable chaise cushion for thorough cleaning and disinfecting. Fabric choices include Crypton, Leatherette and COM.

Design and dimensions make ingress and egress safe and easy.

Wall-Saver design requires only 4 inches of wall clearance, uses less floor space and protects walls from costly, unsightly damage.
